ANNUAL REPORT
of the Town of

LANCASTER

New Hampshire

*for the year ended
December 31, 1995*

DEDICATION

IN MEMORY OF

FRANCIS HOGANSON

1956- 1995

RECYCLING COORDINATOR

7/92 - 4/95

Dedicated to Frank Hoganson who served the Town of Lancaster with diligence, compassion, and wit, and who is sadly missed by all who knew him.

ANNUAL REPORT TOWN OF LANCASTER

for Year ending 12-31-95

TAX RATE: \$30.34

POPULATION: 3,454

This report was printed by
Advanced Graphic Communications.
Please bring it with you
to Town Meeting.

1996 DATES TO REMEMBER

JANUARY 1	Fiscal Year Begins
JANUARY 24	First day for Candidates to declare for Town Election
FEBRUARY 2	Last day for Candidates to declare for Town Election
FEBRUARY 20	Presidential Primary Elections
MARCH 12	Annual Town Meeting
MARCH 22	Annual School Meeting
APRIL 1	All property both real and personal, assessed to owner this date
APRIL 15	Last day to file for Veteran's Exemption
APRIL 16	Last day to file Property Tax Inventories
MAY 1	Dog Owners should license their dogs by this date
MAY 31	After this date, a \$25 forfeiture charge may be imposed for any unlicensed dogs
JULY 1	First half of the semi-annual tax billing due - commences to draw interest at 12 percent after this date
SEPTEMBER 10	State Primary Election
NOVEMBER 5	State General Election (includes Presidential Election)
DECEMBER 1	Second half of the property tax due - unpaid real estate and personal taxes commence to draw interest at 12 percent (abatements due 60 days from mailing of final tax bill)

TOWN MANAGER'S AND SELECTMEN'S REPORT

Lancaster has been a very busy place this past year. We are continuing to address daily problems and issues that crop up in the course of the day while preparing for the future. As the new town manager, I can honestly say it has been a challenging past few months.

Some of the programs that continue to progress are:

- 1) the COURT HOUSE which we hope will be built by June of 1997;
- 2) the INDUSTRIAL PARK on Route 2;
- 3) the WATER FILTRATION SYSTEM and PIPING INFRA STRUCTURE;
- 4) the NATURAL GAS PIPELINE and SPUR, due for completion in 1998;
- 5) the ICE JAMS and FLOODING which plagues me as I write my report;
- 6) the NH COOKS PROGRAM which is the establishment of a commercial kitchen for the use of local enterprising citizens so that they may produce and sell their products.

The employees of the town must be commended for their work and dedication. The residents of Lancaster are truly lucky to have people that treat their job with ownership and pride.

The Selectmen and I will continue to work toward providing for the future needs of our citizens.

Ms. Andrade gave us a clear path to follow in order to bring Lancaster into the new millennium. I hope to see all of those plans to their successful conclusion.

Again, I want to thank all of you for your support and encouragement in my trial by fire as your new Town Manager (or should I say water!).

Respectfully submitted,

Patrick W. Kelly
Town Manager

REPORT OF WELFARE DEPARTMENT

During the 1995 year, 48 families were helped by financial relief, counseling and referral services. Many of the problems people face have forced them to ask for financial aide. The Town has been careful in scrutinizing these requests and presenting alternative solutions to their problems. We have been very successful in having people work for their aide. Workfare has helped the Town in a number of ways:

- a) office help;
- b) sweeping the streets;
- c) cleaning of town buildings;
- d) cleaning at the recycling center;
- e) meter reading.

Many people who need aide prefer to work for assistance.

A reminder to everyone that new welfare guidelines could impact the Town greatly. The trend in budget discussions at the federal level leads us to believe that more responsibility will be placed at the state and local level. A good example of this is the reduction in fuel assistance. We will continue to monitor our public assistance program.

WELFARE ACCOUNTABILITY

ID	MONTH	TOTAL	FOOD	MEDICAL	RENT	HEAT/ELEC	MISC.

REPORT TO THE CITIZENS OF COUNCIL DISTRICT ONE

As Executive Councilor for District One, it is a privilege for me to communicate with the Citizens of this town and area which are a part of District One of 98 towns and four cities.

The five-member Executive Council is at the top of your Executive Branch of Government. The NH House and Senate make laws and pass into law a budget. It is then the constitutional and lawful duty of the Governor and Council to carry out those laws and budget. The entire Judicial Branch of judges are all nominated by the Governor and confirmed by the Council. The Governor and Council also nominate and confirm 267 Commissioners and Directors to terms of office in the various state executive branch departments.

The Governor and Executive Council also are required by law to nominate and confirm dozens of citizens to various volunteer boards and commissions. If anyone is interested in serving, they should forward their resume directly to Governor Merrill or my office at the State House. A list of these boards and commissions may be obtained by calling my State House Office at 271-3632.

The year ahead will prove challenging in the area of town, county and state administration of the recently passed House Bill 32 which reallocates and reorganizes most of the Health and Human Services Department of NH State Government. It is extremely important that local and county officials stay in close touch with their State Senators and State Representatives. I have asked Health & Human Services Commissioner Terry Morton to appoint at least 15 - 20 people from each county to act as advisers to this office as commission. If any of you are interested in serving, please call his office direct 1-800-852-3345 ext. 4331 or send him a note at his office on Hazen Drive, Concord, NH 03301, expressing your interest.

As of this writing there is still about \$270,000 waiting to be matched by local dollars in the Economic Development Matching Grant Program and \$275,000 waiting to be matched in the Joint Tourist Promotional Program. Both of these programs can be accessed by calling 271-2411.

Some 9 million dollars is waiting at the Office of State Planning (tel no. 271-2155) in the Community Development Block Grant Program. A town, county, regional economic development council or other regional group is eligible to apply.

The Governor's Advisory Commission on Internodal Transportation has submitted our recommendation to the Governor on various projects submitted to us by towns and regional planning commissions. It is now up to the Governor to submit his recommendations to the House and Senate by February 15, 1996, and then it's up to those two bodies of state government as to the final disposition of the plan. I don't look for much in the way of new highways, bridges and transportation projects due mainly to lack of money. Hopefully, we'll be able to keep in good repair the transportation system we've got.

It is amazing the advice and technical assistance available in State Government to citizens, businesses and local municipalities. The Office of Industrial Development has a very attractive brochure listing technical, financial and community resources available for the asking by calling 271-2411.

Should my office be of help in matters relating to the Executive Branch, please know that I welcome the opportunity to respond. It is a pleasure to serve you.

Raymond S. Burton

PUBLIC WORKS

HIGHWAY DEPARTMENT:

ROAD RE-CONSTRUCTION

The Highway Department had a busy year repairing and improving gravel roads, cleaning catch basins & culverts. The second year of rebuilding and ditching of Mount Prospect Road has improved the road from East Whitefield Road to Wesson Road. The work will continue this year. Some damage was done during the fall storms in October and November, most of the damage has been repaired.

The road re-construction out east continued on the Gore Road, where approximately 2,500' was re-constructed. This work will be continued until the road has been completed. A 1,000 foot stretch of Garland Road was graveled from McGary Hill Road to Bunnell Brook Bridge. This will leave 4,000 feet of Garland Road that has not been re-built.

PAVING

The following streets received an asphalt pavement overlay:

Depot Street from Cemetery Street to Kilkenny Street
Middle Street - from Main Street to the railroad tracks
Railroad Street - from Depot Street to Summer Street
Mechanic Street - from the covered bridge to Middle Street
Garland Road - from Otter Brook Bridge to McGary Hill Road.

A new concrete sidewalk was constructed on Bridge Street replacing the existing asphalt sidewalk from the corner of Main Street to the entrance of the new school.

WATER SYSTEM IMPROVEMENTS

The first water meter was installed in February and the last was installed in September. With the new water meters a new rate structure will be setup so that a fair and equitable billing system can be put in place. There will likely be a small base charge and you will only be billed for what you use. I would like to thank Roger Emery for his efforts, he made the project a smooth one. Without his efforts and professionalism there would have been many more problems.

There will be hearings on a new ordinance and the rate structure some time after Town Meeting. As a part of the meter contract the Town replaced 28 of the water services lines in the right-of-way. Additional water services will be replaced in 1996.

The first year of a many year project will be starting on Grove or Grandview Street. The work will include replacing the Water main, water services, sewer main, sewer services, drainage system and road re-construction. By completing all systems at one time it will be cheaper and will enable the Town to complete needed sewer, water, drainage and road improvements under our operating budget with Town forces.

A 6,500 foot section of the Transmission Main was replaced along the North Road. Eventually, the transmission main will be replaced from Bunnell Brook (Aldens Field) to the railroad crossing on Middle Street. This work will begin in the spring of 1996 and should be completed by the fall.

The Water Treatment Facility design was completed (in-house) and bid in May, construction began in July. The contract was awarded to H. Loney Construction Company Inc. from Brattleboro, Vermont, for \$ 1,611,110. The Facility will be filtering water by March 12 and will be completed by the end of May.

When the new intake was completed the water quality improved dramatically. We are getting approximately 85% removal of Turbidity from the water with the intake alone and ice has not been a problem. I'm sure Gomer won't miss the middle of the night trips to unclog the intake and wading in hip deep ice water (Gomer you don't have to hug me, really you don't).

WASTEWATER

Through Tim Bilodeau's efforts the wastewater treatment systems are functioning quite well. We were getting to the point where things should be letting up. However, our NPDES Permit (EPA Permit) had to be renewed. The problems which occurred prior to Tim arriving on the scene have come back to haunt us. Even though our wastewater quality has improved to better than the original Facility design, past violations facilitated additional testing to satisfy the EPA. We have gone from twice a month bacteria testing to three times a week, twice a month Settable Solids and BOD testing to once a week. This will increase our testing time requirements by 26 man hours per week, coupled with the testing requirements of the new Water Treatment Facility, we will be required to have a person performing testing for 40 hours each week. We are hoping that we will be able to convince the EPA and State in the future that the testing requirements should be relaxed. We have begun performing the tests in-house which will save us \$15,000 to \$20,000 annually and will allow us to experiment more with the treatment process.

During the summer, pumps in the Summer Street Pump Station were replaced. The pumps were installed in 1973 and have been running very poorly recently. One pump had failed and the second was not far behind. As part of the EDA project the North Main Pump Station pumps will also be replaced. The design has begun and the pumps are expected to be replaced in the spring.

A great deal of water and sewer construction will begin in the spring (EDA Project). The project will include replacement of the water line from the Library to PAK 2000, removal of the pump station at the intersection of Main and Bridge Street replacing it with a gravity sewer, upgrades to the North Main Pump Station, extension of water and sewer to the Industrial Park, a new sewage pump station at the Industrial Park and a new water storage tank. The work is expected to be completed by the fall of 1997. We hope to have a system in place by that time so we can welcome new businesses to the Industrial Park.

I wish to thank the entire Public Works Department, Town Office Crew and Pat Kelly for their selfless dedication, support, late nights, work in extreme temperatures and excellent work.

Respectfully Submitted,
Peter Kulbacki, P.E.
Assistant Town Manager/Public Works Director/Town Planner

HERITAGE TRAIL COMMITTEE

The Year 1995 saw the completion of markings on the Heritage Trail from the Dalton town line to Page Hill Road. General maintenance was done, including the removal of trees brought down in several windstorms. Steps were built into a steep bank next to Riverside Drive.

Occasional comments have been received from trail walkers that signage was inadequate in two areas: Holton Hill, south of the reservoir, and village streets. This need will be addressed as spring maintenance is done.

Most of the maintenance work was done by committee members and friends. Assistance was also given by two boys enrolled in a summer work program at the elementary school, and by a team of youth supervised by White Mountain Mental Health Center.

Peter Kulbacki, Town Planner, was consistently helpful with advice and counsel, and Jean Oleson, Town Clerk, has cared for our regular mailings with cheerful efficiency.

Pending the establishment of trail sections in Dalton and Northumberland, Lancaster Heritage Trail has its southern terminus on Martin Meadow Pond Road at the town line, and its northern terminus on Page Hill Road, 1.2 mi. from Groveton Road (U.S. 3).

Projected work for 1996 includes improvement of trail marking, with uniformity of color; posting of 'caution' signs at the Indian Brook bridge; measuring distances from the covered bridge in the village to Page Hill Road; and preparing detailed descriptions of various sections.

On January 9, Robert Todd was elected chairman, succeeding Curtis Smith. He joins Tom Burke, elected trail supervisor, and our continuing secretary, Patricia Nelson, and treasurer, Kay Whitman. We are confident that Bob Todd, with his integrity, skill, and enthusiasm as a hiker will provide good leadership for the Heritage Trail Committee.

Curtis Smith
Chairman, 1991-95

The Heritage Trail Committee would like to thank Curtis for his five years of hard work and leadership as chairman of this committee.

Heritage Trail Committee

TRANSFER STATION AND RECYCLING FACILITY

It was a sad year for the Lancaster Solid Waste Department. The explosion which took the life of Recycling Coordinator Frank Hoganson in March left a great void. Frank's hard work, boundless faith in humankind, and irrepressible humor are never far from the minds of those of us who worked with him and knew him.

Early summer 1995 saw prices for most recyclable materials go higher than they have ever been. Fiber prices were among the highest, with some paper types rising from a late 1994 price of less than \$25.00 per ton to a mid-summer high of \$200.00 per ton. As a result of increased market demands, Lancaster saw revenue levels climb to an all-time high. Unfortunately, prices did not hold and what will surely be referred to as the "Great Recyclables Crash of 1995" began in the fall. As a municipality Lancaster will always enjoy the benefit of what is known as "avoided cost"; that is, any ton of material recycled, whether we get \$5.00 or \$205.00 for it, is a ton for which we do not have to pay for transportation and disposal. And so, despite the much lower revenues we were generating by the end of the year, Lancaster is still saving money through recycling.

New programs introduced in 1995 included seasonal paint recycling (look for it again in May, 1996), asphalt shingle recycling, and boxboard and mixed paper recycling. Paper can amount to as much as 45% of what is thrown away in a community and much of that paper is recyclable. A successful paper recycling program is a great benefit to any town and with the addition of these new categories of paper to the existing program, Lancaster can now recycle nearly any kind of paper. The Lancaster Recycling Committee continues to work with the facility operators and town manager and plans to launch the expanded paper recycling program officially early in 1996.

The Recycling Committee held the First Annual Frank Hoganson Memorial Green-up Day in August. The event is intended to not only clean up the streets and parks of Lancaster, but to raise awareness of the town's solid waste management programs. We hope for ever-increasing involvement of the residents of the town in this event in coming years.

Last but not least, the solid waste facility itself underwent several physical improvements in 1995. These improvements include a bathroom, a heated area for the employees, a loading dock, and a retaining wall for the construction and demolition debris area. These improvements are greatly appreciated by the employees who work at the facility every day, and who keep the programs running smoothly and cost effectively.

Respectfully submitted,

Marhie Seymour

LANCASTER POLICE DEPARTMENT

Another year has passed. A year that included many changes for the Town of Lancaster. The biggest change being the resignation of the Town Manager, Pam Andrade and the hiring of her replacement, Pat Kelly. Members of the Lancaster Police Department welcome Pat aboard and look forward to working with him in the coming year.

Your Police Department continues with it's effort to provide the best police services possible to the members of our community. We depend upon the residents to notify the police when they witness an act that is illegal or in any way out of the ordinary. The willingness of people to help remains one of the greatest pleasures of living and working in Lancaster. Though Lancaster is changing and we see more and more people moving to Lancaster from other places, I encourage residents to continue that willingness to help, it is essential to the success of our job.

Residents are welcome to come to the police station at any time. Our job is not limited to responding to emergencies when called. A big part of the job is to provide answers to citizens' many questions and work towards preventing crimes and/or accidents from happening.

Prevention training programs are offered throughout the year by members of the police department. There are many prevention programs offered within the schools for our children, and we also provide training for employees of area businesses. This training teaches safety in the workplace and protection from workplace violence.

Members of the police department wish to thank all of the people who assist us with our mission.

LANCASTER AMBULANCE CORPS

As in the past, the Lancaster Ambulance Corps continues to provide 24-hour coverage to the Town of Lancaster and our service area. We are grateful to the Jefferson Fast Squad and Gilman Rescue and their members for the assistance they provide us and to the members of Groveton Ambulance who assist us with calls and transfers.

We are again able to present a budget which is paid fully with income generated by ambulance runs and transfers. There is no tax levy on Lancaster residents for Ambulance Service.

Those presently serving you on a regular basis include:

Ronald Wert - Director
Jennifer Frenette - Assistant Director
Alan Lambert - Training Officer
David Flynn - Equipment Officer
John Brooks - Motor Officer
Sandy Wheeler - Safety Officer
Regis Cronauer - Personnel Officer
Chris Aldrich - Finance Officer

Roger Aldrich	Kevin Anderson
Chris Bradford	Frank Brundle - Driver
Randy Chauvette	Roger Chauvette
Larry Coulter	Mike Currier
Troy Germain	Blake Janney
Babben Kulbacki	Judi Parrish
Marcel Platt	Gary Rexford - Driver

I would like to thank the residents of Lancaster for their continued support. The Police and Fire Departments and Weeks Hospital also have my gratitude for their assistance.

Seeing many of you as we do in very unfortunate and difficult circumstances, I would like to thank you, for myself and the ambulance attendants, for your help and graciousness as we assist you. It is my hope that you have found us to be as considerate and helpful as you yourselves have been toward us.

A year marked by the willingness of citizens to become involved in pre-hospital emergency care and to volunteer precious time to the needs of others was marred by the passing of two of our own. We mourn the departure of past members:

Herman Emery
Rick Moyer

Thank you,
Ronald E. Wert, Director

FIRE DEPARTMENT

The Fire Department is continuing their efforts for the prevention of fires, i.e., fire extinguishers, training for businesses, hospitals, classes at the Elementary School , and general awareness for the public.

In 1995, the Fire Department responded to 64 calls.

The Fire Department is expanding their expertise in efforts to help the community by adding to their equipment. We are proud to announce that we have retrieval equipment for below grade rescue and a set of air bags for separating and stabilizing objects in a rescue situation.

Training is a big part of the Fire Department's functions. Besides the regular training meetings we have twice a month, we have had seven firemen make Firefighter I. This is a great accomplishment of 130 hours of training with a State Exam. This brings the Fire Department to 16 firemen that have Firefighter I level out of a total number of 31. Another goal of continuous training.

We started a Cadet Program this year. This lets our younger people come into the Fire Department before the age of 18 to work in non-emergency situations. These Cadets cannot fight fire...yet.

The Fire Department appreciates the strong support we get from the townspeople and businesses of the community. Without your support, the Fire Department could not get the training or the equipment we have to perform our work to the best of our ability in trying to keep the community a safe place to live.

Respectfully submitted,

Michael J. Currier
Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1995, our three (3) leading causes of fires were Children, Non-Permit fires not properly extinguished, and Smoking Materials.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 Fire Statistics

<u>Forest Ranger Reported Fires</u>		<u>Fires Reported by County</u>	
Number of Fires Reported for Cost Share Payment	465	Belknap	11
		Carroll	50
		Cheshire	39
Acres Burned	437	Coos	17
		Grafton	26
Suppression cost	\$147,000+	Hillsborough	71
		Merrimack	49
		Rockingham	106
<u>Lookout Tower Reported Fires</u>	555	Strafford	78
		Sullivan	18
Visitors to Towers	26,165		

Local Communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

"REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!"

Richard C. Belmore,
Forest Ranger

Samuel Evans,
Forest Fire Warden

LANCASTER MUNICIPAL CEMETERIES REPORT

The Lancaster Municipal Cemeteries Committee is comprised of three people and they are held responsible for the budget and upkeep of six cemeteries in the Town of Lancaster. For newcomers to the community, the cemeteries are: Summer St. Cemetery (at the end of Col. Town Field and Cemetery St.), the Wilder Cemetery (on Main St. on the hill between the Methodist and Christian Science Churches), #10 Cemetery (located down on Martin Meadow Pond Road), Marden Cemetery (located on the North Road beside the Edwin and Brenda Bray residence), a one-person lot located down on South Lancaster Road, and the Wentworth family plot on Pleasant Valley Road.

We feel 1995 was one of the better years that we have had since we have been on this committee. Things ran exceptionally well. There was no vandalism, many of the projects that we have set out to do were done and many of our long term projects are getting underway. These things could not have been done without the great effort that is put into the care of the cemeteries by our Supervisor Dana Nason. He is always there, caring and sharing his gentle nature with all who come and go to the cemetery. We certainly do appreciate all that he is doing. Dana had two helpers this year; Lauren Chase, Jr. and Chris Burke and they certainly did a wonderful job. Thanks guys!!!

We always want to say many thanks to everyone who has helped us in any way during the year. There are many unsung heroes who come up to the cemetery and plant flowers or just go around and do some weeding or picking up of branches, we certainly do appreciate this. We always have many favorable comments on how nice our cemeteries look, and it is only because of you. (We are willing to accept any comments from you whether they be good or bad, so don't be afraid to look one of us up if you have any).

Last November we had quite a scare. During one of the big windstorms several of the trees over on the backside of the cemetery were blown down but, fortunately, they didn't hit any of the stones. This could have created a great deal of damage and cost to us. Dana was notified and took care of the trees, repaired the fences and cleared the road so people could get to their lots. The families whose lots were involved were notified that there was no damage. There is also a large tree down out on the North Road cemetery that still needs to be taken down. Someone is surely looking after us as stones were not damaged there either. All of the other cemeteries were checked and there were only some limbs down, no damage.

We had 25 regular burials and 14 cremation burials this year.

Respectfully submitted,
Sandra E. Doolan, Chairperson
Debbie Arsenault
Joyce C. White

WILLIAM D. WEEKS MEMORIAL LIBRARY

ANNUAL REPORT 1995

The most exciting news from the Weeks Memorial Library in 1995 has been the work of its newly-formed and very active committees. The Building and Expansion Committee, after considerable study, hired an architect, Tom Wallace of the Manchester firm, Tennant/Wallace, to design a plan for the restoration and expansion of the present building. His preliminary planning fees have already been covered by money earned by the library's flea markets during the past several years. The Education and Technology Committee has been working on plans to bring the library into the 21st Century through technology which will be incorporated into the library as it expands. The Outreach Committee is preparing to help with the necessary publicity and fundraising which will accompany our expansion.

The library continues to be one of the best bargains in town. Consider a Lancaster family of four coming to the library one evening: Mr. X borrows a novel (\$23.95) and a book on the repair of snowblowers (\$18.95) and spends some time checking the reference section on car repair to see if he can repair his car. Mrs. X borrows three mysteries (\$59.95) and a Chinese cookbook from the library's extensive collection of cookbooks (\$24.95). She then settles down to read the current issue of Country Journal magazine (\$19.95 subscription). Child A, doing a report on Jane Austen, spends two hours using the British Writers series in the Reference Room (set - \$850), requests interlibrary loan material on Austen (2 books - \$50.00), and also borrows the newest Stephen King novel Rose Madder (\$25.95). Child B chooses two videos for his mother to sign out for him (\$39.90) and five children's books (\$79.95). The family, in the two hours they spent in the library, has used or borrowed \$1,193.25 of material. The per capita amount of Lancaster taxes earmarked for the library in 1995 was \$18.18. All of the library's facilities which include more than 28,000 books, 300 videos, many magazine subscriptions, newspapers, and growing collection of audiobooks are available to all Lancaster residents during the 1,742 hours the library is open each year.

We encourage Lancaster residents to use the library. If there are books or magazine articles we do not have, we can usually borrow them through our computerized statewide interlibrary loan system. In addition, the plans for the proposed expansion of the library (and soon a model of the park with the addition) are at the library for viewing, comments, and suggestions. Please help us by giving us your ideas!

LANCASTER CONSERVATION COMMISSION

The still-green (no pun intended) Lancaster Conservation Commission has spent the last year trying to establish our procedures and responsibilities. Though we do see a role for ourselves on Main Street "where architecture is certainly the most visible and pervasive evidence of human intervention in the environment and, accordingly, can function as a visible demonstration of conservation ideals.." (Amicus Journal), we are making every effort to narrow our focus and set realistic goals.

As issues like sludge, the Silvio E. Conte Refuge, and the need for a town Natural Resources Inventory beg to be addressed, limited time and energy have rendered our accomplishments modest. To date our most visible success, with the considerable help of Dave Hutchins and others, has been the planting of more than twenty hardwood trees on or near Main Street. Although we have spoken of starting an Elm nursery, this has not yet come to fruition. The commission aims to continue this on an annual basis in an effort to green up our once-magnificent Elm-lined Main Street.

Presently the commission is working with Judy Tumosa of the Forest Society to identify "special places" in our community that may warrant attention. Additionally, there is continuing discussion about the possible construction of a recreational trail from the new court house lot to the Roger's Rangers Bridge.

The commission will make every effort to keep the public informed of its activities and meeting dates and welcomes participation in both.

Respectfully
Submitted by,

Lucy K. Wyman
Acting Chair

PLANNING

The Lancaster Planning Board meets on the second Tuesday of each month, beginning at 7:30 P.M. in the Town Hall Auditorium (first floor) and other times as required. The hearings are open to the public. Public meeting notices for each meeting are published in the Coos County Democrat ten to fifteen days before each meeting.

The Board held hearings on the following:

5 - lot line adjustments

George Smith & Town of Lancaster - at new water treatment facility site.
A & B Trucking & Germain - land on the North Road.
Samuel Bartow - land on Grange Road.
Town of Lancaster & Pine Tree Power Development Corp. - Route 3 North (Industrial Park).

3 - Cutting of Trees on a Scenic Road

NYNEX - 800' along Wesson Road & 500' along Prospect Road for the relocation of power & telephone lines.
Kevin & Mary Kopp - 12' driveway on Mount Prospect Road.
Town of Lancaster - removal of trees on Prospect Road for road ditching.

1 - two lot subdivision

Heirs of Charles Bennett - lots fronting on North Road & Brickyard Road.

10 - site plan reviews

REC - Rite Aid Pharmacy
F.B. Spaulding - conversion of warehouse to show room.
Inland Dive Shop - relocation of existing business to Route 3 North. Business includes tank testing, fire extinguisher recharging, diving, under water welding and air tank filling.
Munce's Superior, Inc. - expansion of campground and construction of boat ramp.
Bernard & Roger Choquette - Construction of a motel with conference center, lounge, restaurant, and health club.
Lancaster House of Pizza - change in use from retail sales to a restaurant.
The Castaways - change in use to retail sales,
Leon Rideout - change in use for used car sales & service, warehouse and apartment.
Robert Bodin - construction of a self service automated car wash in the existing building.
Colebrook Oil - change in use of a single family residence to an office, superseding previous gas station/convenience store.

1 - excavation permit extension

D.F. White - extension of gravel excavation permit for the Farnsworth property on Rte. 135.

The Board also addressed sign concerns. A committee was established to develop a modification to the Sign Ordinance to eliminate inequities in grand fathering. The Committee consisted of: Sheila MacKillop, Colin Christie, Sonny Martin, Bob Holmes, Linda Hutchins & Peter Kulbacki.

Land owners planning to subdivide are reminded that approval of the subdivision is required before sale. Site plan review is also required for the construction, exterior alteration, relocation, expansion, occupancy, or change in use of any commercial building.

ZONING

A total of 46 building permits for new buildings, additions, decks, and all other: five for new residential property, seven for garages or outbuildings, 25 for additions and renovations, three for new commercial buildings, seven for additions to commercial buildings, and five for commercial renovations. A summary of the permits issued and the estimated values are listed below:

Permits Issued		Estimated Costs
3	Commercial Building Construction	\$2,705,000
3	Agricultural	\$ 540,000
4	Commercial Renovation	\$ 100,000
6	Single Family Residential Living Units	\$ 560,000
30	Residential Additions and Alterations	\$ 214,500
TOTAL VALUE		<hr/> \$4,119,500

NOTE: Building Permits are required for all construction adding square footage and other construction totaling more than \$1,000.

The Zoning Board of Adjustment held eleven hearings for variances and special exceptions. At those hearings, seven cases were appeals for variances, of which three were granted. There were three appeals for special exceptions, all three were granted.

The Variances granted are as follows:

Dalton Mountain Motors - for a 75 SF free standing sign
Bert Johnson - to locate a gun shop in a Residential Zone.
Lancaster National Bank - for a sign advertising an off premise sign for a branch office.

The Special Exceptions granted are as follows:

Anne & Bernard Choquette - the construction of a motel in an Agricultural Zone.
Anne & Bernard Choquette - for an exercise club in an Agricultural Zone.
Munce's Superior, Inc. - Campground expansion of 60 spaces.

The Zoning Board of Adjustment meets on the last Wednesday of each month when required, beginning at 7 P.M. in the Town Hall Auditorium and other times as may be required. The hearings are open to the public and are noticed (at least five days' prior) in the Coos County Democrat.

Peter Kulbacki, P.E. is available at the municipal office in the Town Hall to accept applications, review proposals, provide assistance with building permit applications, appeals to the ZBA, questions on the water and wastewater systems, roads and drainage. He attends regular meetings of the Planning Board, Conservation Commission and the Zoning Board of Adjustment.

NORTH COUNTRY COUNCIL 1995 ANNUAL REPORT

This last year has been a great year of growth for the Council. The high point of the year came with North Country Council's move to the new regional resource center on November 1. The center will provide expanded information, data and resources. It will bring together under one roof, public technical assistance providers, businesses and non-profits for regional advocacy and partnership. The new center, located at the Rocks Estate in Bethlehem, offers conference facilities, electronic network connections and technical assistance.

It has also been a very productive year for the regional transportation planning program. We have undertaken a scenic byway project in the Connecticut River Valley involving 13 towns and will, in the near future, expand this effort to the remaining 38 towns in the region. We have also completed a list of projects to be included in the state ten-year highway plan. We have completed the North Country program for transportation enhancement funding and have been active in transportation projects at the local and regional level.

We have had a successful public works development program this year. Littleton's industrial development project and Conway's sewer project are underway. We have started the work to fund a sewer expansion project in Haverhill and a water development project in Berlin. The total of these four projects exceeds \$6.5 million. In addition, we have provided detailed engineering assistance and leadership on 16 additional projects across the region totaling \$10 million.

The council hosted the third annual Ingenuity Fair which exhibited the manufacturing and business creativity of the North Country to 10,000 visitors. We also conducted our fourth annual business survey of the 3000+ businesses in the region. We have been working on the development of a regional commercial kitchen with the town of Lancaster and the state Rural Development Council. We also have updated the NCC industrial marketing video with support and assistance from DRED and Fleet Bank.

The Council continues to be actively involved in telecommunications, from a legislative and coordinative role. In addition, we have been participating in a variety of statewide forums to make sure our telecommunication needs as a region are being heard.

Recognizing that adequate and affordable health care is an essential component of the region's economic infrastructure, the Council is committed to supporting and facilitating regional efforts to improve the coordination and delivery of health care services. Our involvement has been prompted by our work with CHOICE, Inc., a non-profit education and cost containment organization that is affiliated with the NHMA. In that same period of time, we've been meeting with local health care providers to get their views on the region's health care practices, problems, and potential solutions.

On the solid waste front, the Council is providing solid waste technical assistance to all member towns on solid waste and recycling issues.

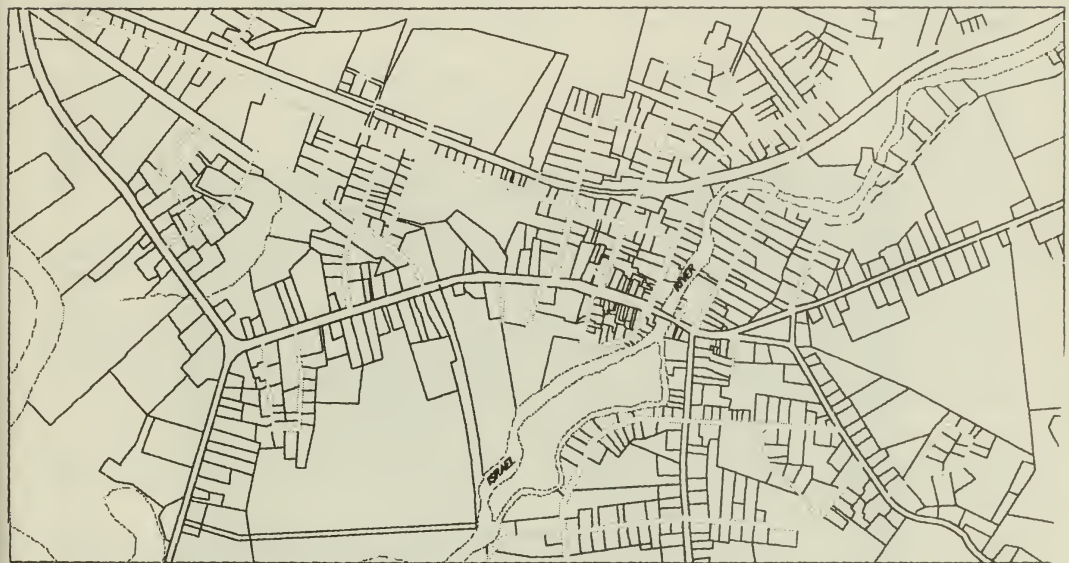

We have continued our commitment to community planning assistance. We have provided four training sessions in the region for local planning boards. We have also provided project assistance to 17 towns on local land use, planning and design issues and have worked with virtually every town in the region to answer short-term planning questions.

North Country Council is participating in a national demonstration highway planning corridor project with three other regional planning commissions along Route 16 under the auspices of the NH Department of Transportation. Our segment of this project involves approximately 90 miles of Route 16 beginning at the southern end of the Mt. Washington Valley and ending in Wentworth Location. The project involves an intensive land use and transportation assessment and will be both GIS and data base formatted. The public participation process has been designed to involve all the communities along the corridor to develop innovative land use and traffic management recommendations.

This coming year promises to build on the progress of 1995. We will see the growth and development of the regional center, the establishment of a business resource library and a community design center in cooperation with several major universities. On behalf of the Board of Directors of NCC, we thank you for your involvement in the Council and we look forward to serving you in 1996.

Sincerely,

Preston S. Gilbert
Executive Director

LANCASTER CHAMBER OF COMMERCE

1995 Events Report

1995 has brought about many changes, accomplishments and expanded events for the Chamber of Commerce. Some of the activities are as follows:

The Chamber supported local youth by awarding two \$500 Scholarships to two deserving seniors in June. The scholarship recipient from White Mountains Regional High School was Gina Kilby and the recipient from Groveton High School was Stacey Sanborn.

The 1995 Fourth of July parade "A Moment in History" was a great success. Community support and patriotism were booming.

The Chamber sponsored the annual "Lancaster Street Fair" on the traditional first Saturday in August. The street fair occupied the largest portion of Main Street to date.

Despite the undesirable weather on October 28, the first Energy Savers Expo was held. This event was co-sponsored by the Chamber of Commerce and Public Service Company of New Hampshire and included cost-cutting tips, energy saving ideas, free giveaways and a coloring contest. We are looking forward to a bigger and better attended event for 1996.

Lancaster's Olde Tyme Christmas expanded to a three-day holiday celebration. There was record attendance for hay rides. Santa listened to little children's holiday wishes while Mrs. Claus passed out cookies on Main Street. The most unique assemblage of crafters, displayers and home producers occupied empty Main Street storefronts. A first-time pancake breakfast was added to the festivities.

The Chamber is looking at the possibility of developing a Lancaster Regional Chamber of Commerce. The Bi-Laws are currently under legal review.

The Chamber has acquired 2,500 bricks from the old Lancaster School which will be painted with a picture of the old school. These are for sale through the Chamber. Local artist Nicki Clark was hired to hand paint Lancaster memorabilia for the summer. Her lilac bulbs took first place at the Fair in the Christmas ornament category.

A brochure has been created to promote our area which is reflective of all it has to offer. Tour packages are being mailed out to tour directors and operators who are looking for activities in the north country. The lists are acquired from NH State Office of Travel and Tourism. In addition, a Welcome Wagon booklet has been created promoting our area businesses to new home owners of our town. We have a visiting committee to personally deliver the booklet along with essential town information.

The Chamber welcomes current and potential members to attend its monthly meetings on the 4th Wednesday of each month at 7:30 a.m. The Chamber looks to continue its community participation for the years to come.

Don't miss Robert's Brothers Circus on July 12, 1996!

Respectfully,

Lisa Maxwell

TOWN CLERK'S REPORT

Registration of Motor Vehicles

Motor Vehicle Permits issued in 1995 (3,994)	\$ 295,337.00
Municipal Agent Fees Collected	7,474.00
Motor Vehicle Waste Fees	<u>10,023.00</u>
Total Collected	\$ 312,834.00

Dog Licenses

\$ 4,264.50

Town Record Fees

Automobile Title Applications	1,528.00
Certified Copies of Vital Records	6,460.00
Filing, Terminating, & Searching UCC'S	3,626.82
Marriage Intentions	1,035.00
Recording Fees and Tax Liens	255.00
Licenses and Fees	<u>431.03</u>
Total Collected	\$ 13,335.85

Total Remitted to Treasurer

\$ 330,434.35

=====

Since the change in legislation last year regarding licensing of dogs, the town has licensed more dogs than ever before. From 01/01/95 to 12/31/95 we licensed 648 dogs up 126 from 1994.

This past July I graduated from the 3 year NHTCA/NHCTCA Joint Certification Program. For each of 3 years I attended a one-week seminar. The first year it was held at Plymouth State College and the next two years at UNH in Durham. I took classes on various subjects including; Managing the Work, Bookkeeping, Stress Management, Motor Vehicles/Titles, UCC/Elections, Vital Statistics, Gov't Operations to name just a few. To retain the certification I must attend the clerks' regional meeting and/or the fall convention each year.

Respectfully submitted,

Jean E. Oleson, Town Clerk

COLONEL TOWN RECREATION DEPARTMENT

1995 Annual Report by Superintendent of Recreation

I'm sitting at my desk in my office and sense that someone is at my Dutch door and waiting for me to acknowledge their presence. I turn and offer them a greeting. "Hi, how can I help you?" "We're moving to town and were told we should come here and find out what this place is all about," the two people standing there say. "Well, super," I say. "Come on in." They sort of squeeze into my little, crowded office and their eyes immediately are drawn to the walls filled with pictures and Lou's awards. "Do you have any children?" I ask. "Yes, we have two," is their reply. "How old are they?" is my next question. "We have a boy, seven, and a little girl, four years old." "We have lots for them to do," I announce. "Your seven year old can play soccer, basketball and baseball. He can take Karate lessons. We have gymnastics for your little girl, Theatre for Children, and in the summer we provide swim lessons, sports instruction and art programs, plus much, much more. All our programs are announced in our weekly newspaper and through the school." "What's the school like?" they ask. "This is really the best small town that I've heard about," I say. "Our school system is filled with many dedicated people. We have a new elementary school that's very bright and cheery. We have a rather large hospital administered by an extremely capable long-time acquaintance of mine and staffed by many fine doctors, nurses and supportive people who know and care about their patients. Our Town Manager is a friendly, people-oriented person and everyone else at the Town Office is nice and helpful. There's lots of churches. We're getting a new courthouse and that's going to help our business section tremendously."

"Let me show you our building and tell you a little bit about our history because I truly believe that Col. Town is the heart of Lancaster. Our gym is old but just look at its character including the beautiful floor, wainscoting and oil paintings. Under the gym is a game room where every day an after-school program called Safe Haven meets. We also conduct Free Play here and on Saturday Night we have basketball for teenage boys supervised by our local Police Department. Oh, my goodness, I forgot to tell you that we also have a caring Police Department headed by a chief and officers who's objective is to prevent crime and keep kids out of trouble."

"Come through the kitchen and I'll show you the rest of the house. We really need a new stove. Aren't these cupboards great? People do luncheons and dinners here. This is the dining room. That little corner hutch, the buffet and dishes are original Col. Town. This is the parlor. Most of the furniture is original. Note the paintings on the walls and the bronze statues. Col. Town was a collector. That's George Washington over there and here is Jefferson and Lincoln. Grant is over the couch and over the fireplace is Col. Town. This was Col. Town's summer house after the Civil War. He had a winter home in Texas and when he died in

1922 he left somewhere near equal amounts of money and real estate to his home place in Texas, Lancaster and Dartmouth College. He was a Dartmouth graduate and my daughter, Melissa, is too."

"Let's go upstairs. I live on the second floor. I think the third floor is the most interesting. I used to teach art over here on this side of the room. As you can see, my stuff is still out. I don't know when I'll ever get back to doing art again. I miss the people a lot."

"All the books up here were collected by Col. Town. Some of the furniture, like the piano and wicker was his. Those pictures on the wall are of his family."

"How did Col. Town make all his money?" they ask. "He was Assistant Surgeon General during the Civil War and after the war he bought and sold lots of property in the South. When he died he had no living relatives. In his will he left the money to the Town of Lancaster for leisure activities. The recreation program has developed over the years."

"Do you want to see outside?" I ask hoping for an affirmative answer. I'm always game for a little walk outside. They don't have boots so I tell them about our three baseball/softball fields, soccer fields, playground, five tennis courts, basketball court and pool. They're astounded. "All this in such a small town," they say. "Oh, that's not all," I say. "About seven miles out of town we have a family picnic area with a pond, nature walk, large and small grills, playground, hall and caretaker's cottage."

"The people in Lancaster are very lucky," I tell them. Sometimes we take what we have for granted until someone new like you comes along and points this out to us."

"In addition to these wonderful facilities, I have a corps of volunteers equal to no other recreation department that I've ever heard of. We've been experiencing financial problems these last few years. The Col. Town Investment Committee has not realized as much profit from their investments and we're dependent on them for the bulk of our finances. The rest of our finances I have to raise through fees and charges and fundraising. The people have been very supportive and helpful!"

"My mother will be living with us. Is there anything here for her?" "I conduct an aerobics program for Seniors three days a week and a walking program two days a week and we have a Senior Citizens Club that meets twice a month for meals and entertainment. You'll just have to subscribe to the Coos County Democrat so you can keep track of what goes on here. Each season we print a program but then we keep adding programs."

"I hope you like us at Col. Town. We aim to please. If there's anything we don't have that you'd like, let us know. If we can find an instructor, we'll try it." "I teach modern dance," the young mother tells me. Would you like to offer that?" "I sure would but I have no free gym time right now. As soon as basketball is over, we'll do that." "I'll be ready," she says. "Great, keep in touch," I say.

I feel good. I've got some more Col. Town participants and I'll be able to offer something new in the spring.

THE STATE OF NEW HAMPSHIRE
TOWN OF LANCASTER
LANCASTER TOWN WARRANT
1996

To the inhabitants of the Town of Lancaster, in the County of Coos, qualified to vote in town affairs.

You are hereby notified, to meet at the Town Hall in said Lancaster on Tuesday, the 12th day of March, at Eight O'clock in the forenoon to act upon the subjects hereinafter mentioned. The polls will be open at said meeting place on said date from Eight O'clock in the forenoon to act upon the following articles by written ballots (Articles 1,2,3 & 4). Polls will be open from 8:00 A.M. to 7:00 P.M. for balloting.

The business meeting will be held at 7:30 P.M. at the above mentioned Town Hall to act upon the remaining articles.

ARTICLE 1: To choose one (1) Selectman for three (3) years; One (1) Treasurer for three (3) years; One Town Clerk for three (3) years; One (1) Supervisor of the Checklist for six (6) years; One (1) Trustee of the Trust Funds for three (3) years; One (1) member of the Colonel Town Investment Committee; One (1) Library Trustee for three (3) years; One (1) Cemetery Trustee for three (3) years; One (1) member of Emmons Smith Fund Committee for three (3) years; Three (3) Colonel Town Spending Committee members for three (3) years; and One (1) Budget Committee member for one (1) year; and Three (3) Budget Committee members for three (3) years.

ARTICLE 2: To see what action the Town will take on the following amendment relative to the Lancaster Zoning Ordinance:

Amend the Zoning Ordinance by adding definitions to Section 6.01 of the Zoning Ordinance, Clarifying the requirement that existing sign replacements be permitted with no application fee and relocating Banners and Streamers to Section 6.10.

ADD TO SECTION 6.01

DEFINITIONS

CANTILEVERED SIGNS:

Any sign that is not flush mounted and parallel to a building where it is mounted shall be considered to be cantilevered.

INDIVIDUAL LETTERS:

The square footage of a sign comprised of individual letters mounted directly to a wall shall be calculated by measuring from the outer most dimensions of the letters vertically and horizontally.

LIGHTED PANELS:

The whole panel complete with words, logos or symbols shall be considered in the calculation of the square footage of the sign.

OFF PREMISE SIGNS:

Off Premise signs are not allowed. Signs on a business advertising another branch of the same business, in Lancaster, shall NOT be considered off Premise Signs.

RATIOS:

No free standing or cantilevered building mounted sign shall be longer than 5 times the height or taller than 5 times the width.

SANDWICH BOARDS:

Free Standing A-frame or similar signs are not allowed when erected in the Right-of-Way. When erected on the property of the business, Sandwich Boards shall comply with all of the requirements of free standing signs.

SIGN:

Any device designed to inform and or attract the attention of persons shall be considered a sign and shall include, but not be limited to: banners, portable signs, temporary signs, free standing signs and building mounted signs.

SIZE:

The size of a sign shall be calculated by measuring its outer most dimensions, both vertically and horizontally. Signs with more than two sides shall include all faces that may be seen, totally or partially, from any one direction. All sign faces, borders, backgrounds and integral parts of a sign, excluding supports, building fascias or facades, shall be included in the calculation of the total sign square footage.

6.13 Banners and Streamers move to section 6.10

Add to 6.18 Existing Signs

A Permit is required for all changes, repairs, replacements or modifications to existing signs. An application shall be filed prior to any change. Included in the application shall be the sign size, type, colors, age, when it was last repaired, and who is replacing it. There shall be no permit or application fee.

(With the recommendation of The Planning Board)

ARTICLE 3: To see what action the Town will take on the following amendment relative to the Lancaster Zoning Ordinance:

Amend the Zoning Ordinance by revising Section 6.05 Direction Signs as follows:

One Identifying directional sign per business no larger than TEN (10) inches by TWENTY-FOUR (24) inches, may be provided for business not located on Main Street, on a pole to be erected by the Town. Poles will be erected only in street right-of-ways intersecting Main Street. The bottom of the sign shall not hang below seven (7) feet above street level, the top of the highest sign shall not exceed ELEVEN (11) feet above street level. Signs shall be uniform in size and lettering and shall be approved by the issuing authority. Signs will be furnished by the Town at the cost of the owner.

ADD TO SECTION 6.10 TEMPORARY AND PORTABLE SIGNS

AGRICULTURAL SIGNS

Temporary signs, not exceeding six (6) square feet, indicating a locally grown produce may be placed off premise with the written permission of the landowner on whose property the sign is erected. Each sign shall advertise a maximum of three types of produce. No more than two (2) signs may be erected on any road or street by any one produce seller. The distance to the location at which the produce is being sold may be indicated on the sign. The signs shall not indicate any business name.

(With the recommendation of The Planning Board)

ARTICLE 4: To see what action the Town will take on the following amendment relative to the Lancaster Zoning Ordinance:

Amend the Zoning Ordinance replacing SECTION 6.14 SIGN VARIANCE with:

6.14 SIGN SPECIAL EXCEPTION

A SPECIAL EXCEPTION for a sign may be given by the ZBA for signs larger than the current zoning limitations provided the sign is no larger than the largest grandfathered sign in any particular speed zone of a Zoning District and provided the business is similar to the business with the grandfathered sign. The ZBA shall look at the request with an eye to aesthetics and mitigating any impact to the surrounding properties.

A Special Exception for a larger sign shall meet the following conditions:

1. Letter size and spacing on sign should be no larger than recommended for safe reading at the speed in the area a sign is located, as outlined on the chart below:

Speed	Stopping Distance	Distance Traveled	Distance Total	Recommended Letter size	Letter Height Inches	Letter Width Inches	Space Between Inches	Viewing Time
20	110	29	139	0.28	3.3	2.5	0.8	4.8
30	200	44	244	0.49	5.9	4.4	1.5	5.5
35	250	51	301	0.60	7.2	5.4	1.8	5.9
40	300	59	359	0.72	8.6	6.5	2.2	6.1
50	450	73	523	1.05	12.6	9.4	3.1	7.1

Background shall be twice letter height and stroke shall be 1/5.

2. Amount of information - shall be limited, it should not exceed the information needed to indicate the Business name and a general business description (the description size shall be no more than 2/3 of the business name).

3. Color contrasts - colors of lettering and background shall contrast, so that the sign is visible.

4. Surrounding properties and signs - the proposed sign shall be compatible with surrounding properties.

5. Safety - the sign shall not be a traffic hazard.

6. Architectural style of the building(s) - the sign shall be of an architectural style similar to the buildings on the property it resides.

7. Location & height - the sign location and height shall not interfere with adjacent properties and their visibility.

(With the recommendation of The Planning Board)

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of **Forty four thousand dollars (\$44,000.00)** for the purpose of defraying the cost of the Municipal Water System upgrade and to authorize the use/transfer of that amount from the December 31, 1996 Fund Balance for this purpose. (This amount will represent the interest earned on bond proceeds and other revenues generated which will be transferred to the General Fund on or before December 31, 1996). (The Selectmen recommend this appropriation)

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of **Seventy four thousand two hundred seventeen dollars (\$74,217.00)** to be added to the following Capital Reserve Fund Accounts previously established for the purposes and sums indicated:

Highway Dept. Heavy Equip. Fund	\$ 20,000
Fire Truck Fund	15,000
Landfill Close-Out	5,000
Town Hall Improvements	5,000
Water Dept Infrastructure Fund	10,000
Mt. Carberry Escrow	1,717
Sanitation Dept Infrastructure	17,500
Total	<u>\$ 74,217</u>

(The Selectmen and Budget Committee recommend this appropriation).

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of **One hundred six thousand dollars (\$106,000)** to purchase a grader and spreader and authorize the withdrawal of said sum from the Capital Reserve Fund created for that purpose.

(The Selectmen and Budget Committee recommend this appropriation).

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of **Eleven thousand dollars (\$11,000)** for the fluoridation of the town drinking water.

(The Selectmen and Budget Committee do not recommend this appropriation).

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of **Thirty thousand dollars (\$30,000)** for the legal fees in the case of the Public Service Company of New Hampshire vs the Town of Lancaster. (The Selectmen and Budget Committee recommend this appropriation).

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of **Twenty five thousand dollars (\$25,000)** for the support of existing Colonel Town Recreation Programs. (The Selectmen and Budget Committee recommend this appropriation).

ARTICLE 11: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of the Weeks Memorial Library Building Fund and to raise and appropriate the sum of **Ten thousand dollars (\$10,000)** to be placed in this fund. (Recommended by the Selectmen and the Budget Committee)

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of **Two thousand five hundred dollars (\$2500)** for the support of White Mountain Mental Health. (Recommended by the Selectmen and the Budget Committee)

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of **Two million four hundred seventy four thousand four hundred thirty nine dollars (\$2,474,439.00)** which represents the operating budget. Said sum is exclusive of all special articles addressed. (The Selectmen and Budget Committee recommend this appropriation)

ARTICLE 14: To determine whether the town will vote to seek initial funding for its next appropriate Capital Works project (e.g. road, bridge, school, sewage system) publicly that is through a loan from a local bank discounted at the actual cost of the loan by the Federal Reserve System, pursuant to the provisions of the Federal Reserve Act; or, if necessary, to petition our state legislature and the Congress of the United States to authorize such financing; or to take any other action relative thereto.

ARTICLE 15: To transact any other business that may legally come before this meeting.

Given under our hands and seal this 20th day of February, in the year of our Lord, Nineteen hundred and ninety-six.

May 11, 1995

To the Board of Selectmen and Town Manager
Town of Lancaster, New Hampshire

In planning and performing our audit of the general purpose financial statements of the Town of Lancaster, New Hampshire for the year ended December 31, 1994, we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. We previously reported on the Town's internal control structure in our report dated May 11, 1995. This letter does not affect that report or our report on the general purpose financial statements dated May 11, 1995.

Sincerely,

A handwritten signature in cursive script that reads "Vachon, Clukay & Co., PC". The signature is written in dark ink and is positioned to the right of the word "Sincerely,".

BANK DEPOSITS

Observation

The Town Clerk currently prepares bank deposits by individual pages in the cash receipts ledger. The activity is manually entered into the cash receipts book and the deposit is made when a page has been completed. As a result, the deposits are not made in a timely manner.

We also noted that some of the deposits prepared by the Town Accountant were not made in a timely manner. In one instance funds were not deposited for approximately one month.

Implication

Controls over cash may be weakened. The Town does not have the availability of the funds until they are deposited. The Town is also exposed to the risk that the funds may be lost or stolen.

Recommendation

We recommend that the Town Clerk and Town Accountant prepare deposits more frequently. The Town Clerk may consider using the computer software instead of manual ledgers to maintain the daily activity. The related deposit could then be made daily. The manual ledger is time consuming to maintain and may be preventing the Town Clerk from having time to prepare the deposits more often.

The Town Accountant should develop a system to ensure all receipts are deposited within a reasonable amount of time. When funds are received through the mail, they should be deposited at least every other day.

TAX OVERPAYMENT REFUNDS

Observation

We noted that the Town currently refunds all tax overpayments collected, regardless of the amount. According to New Hampshire State Law (RSA 80:57 - Refund of Overpayments), no refund is required for tax overpayments of \$5.00 or less, unless the taxpayer submits a written request for the refund within sixty days of the overpayment.

Implication

The Town may be creating more work and additional costs, such as preparing the check and postage, than the refund warrants. By eliminating such disbursements, the Town may reduce some of the time required to account for these overpayments.

Recommendation

We recommend that the Town adopt a policy in accordance with RSA 80:57, whereby no refund of tax overpayments of \$5.00 or less will be made unless written notice is received from the taxpayer. These overpayments can be included as interest and costs for accounting purposes. This will eliminate unnecessary paperwork for insignificant overpayment amounts.

COLONEL TOWN SPENDING COMMITTEE INVOICES

Observation

As part of our audit, we tested invoices paid by the Colonel Town Spending Committee. We noted that the invoices did not have any indication on them that they had been paid.

Implication

The lack of cancellation of invoices increases the potential for a duplicate payment. Also, for an improved audit trail, the invoices should indicate that they were paid and by related check number.

Recommendation

We recommend that the Treasurer indicate the check number on the invoice to document that the invoice has been paid. Should there be a question in the future, there will be evidence that the invoice had been paid and will avoid unnecessary research.

CASH ACCOUNTS

Observation

The Town has numerous cash accounts such as the payroll account, sweeper account, Town parade account and insurance account. Some of these accounts have relatively little or no activity and the balances are not significant. The Town opens a separate bank account for each project that it undertakes. Each cash account is then entered on the computer system as a separate fund.

Implication

Having such a volume of cash accounts creates extra work for the Town Accountant as each account has to be reconciled on a monthly basis. The accounts with small balances also earn a lower interest rate and may be subject to service fees.

Additional audit time is necessary to summarize the various funds. Since each cash account is maintained in a different fund, several funds had to be added together to arrive at preliminary audit balances.

Recommendation

In order to maintain some control over the cash accounts, we recommend that some of the bank accounts with no activity be closed into the general fund. The payroll account also requires several manual checks to be written for the employee portion of deductions. This can be avoided if that account is also closed into the general account. The Town can still have a separate check series for the payroll, but they will be processed through the main checking account.

The Town currently maintains a portion of the water and sewer cash balances in a pooled cash account. The Town still maintains records detailing the amount available for a particular fund but use only one bank account. The Town could extend the number of funds in the pooled cash account by closing the smaller bank accounts into the general fund.

BANK RECONCILIATIONS*Observation*

We noted that the Town Accountant manually prepares the bank reconciliations on a monthly basis. Since the Town has numerous accounts, this is a time consuming process. We also observed that the bank statements do not all have the same cut-off date. Some of the bank accounts have a statement ending date that is mid-month.

Implication

The work load of the Town Accountant is unnecessarily increased due to the volume of reconciling items. There is approximately a fifteen day difference between the trial balance date and the bank statement date. The reconciliation process is also not the most efficient as they are all prepared manually.

Recommendation

The Town may consider changing the cut-off date of all bank accounts to the end of the month. This will reduce the number of reconciling items as the bank statements and the monthly reports will be on the same cycle. The Town Accountant may also want to prepare the bank reconciliations using the computer software that is available. The Town Accountant could prepare a master reconciliation spreadsheet that could be used each month. This will also eliminate any mathematical errors in the bank reconciliation process.

PUBLIC DEPOSIT INVESTMENT POOL*Observation*

In order to maximize the yield on some of the bank accounts, the Town and the Trustees of Trust Funds joined the New Hampshire Public Deposit Investment Pool (NHPDIP). However, all accounts were opened under the name of the Town of Lancaster with the Town Manager as the authorized signature.

Implication

In accordance with New Hampshire State Laws (RSA 31:25 and RSA 35:10), the trustees of trust funds are required to have the custody of all trust and capital reserve funds held by the Town. The Town may not be in compliance with these statutes.

Recommendation

We recommend that the accounts that are for the trust funds be turned over to the Trustees. The Trustees should establish their own account with the NHPDIP.

CUSTODY OF ACCOUNTS

Observation

The Conservation Fund and the Town Welfare Funds are not in the custody of the Treasurer.

Implication

The Town may not be in compliance with State law (RSA 41:29) which requires that the Treasurer have custody of all moneys belonging to the Town.

Recommendation

It is our recommendation that the funds be turned over to the Town Treasurer to comply with New Hampshire State law. The funds should only be disbursed by the Treasurer after the appropriate approvals have been obtained.

FILING SYSTEM

Observation

As previously mentioned, the Town files all paid invoices in chronological order by manifest. All supporting documentation is attached to the approved manifest.

Implication

The current method of filing may not be the most efficient way to maintain paid invoices. Additional time is necessary to locate an invoice as the check number must first be identified. Also, the current system does not allow for a review of all invoices paid to a particular vendor as the paid invoices are attached to the various manifests.

Recommendation

The Town should review the current filing system and consider a more efficient means of maintaining paid invoices. One alternative is to file the invoices in alphabetical order by vendor. All invoices for a particular vendor will be in one place and will lessen the time necessary to locate an invoice. Town personnel will also be able to readily review previous payments made to a vendor should there be a question of whether an invoice was paid. The Town could use a miscellaneous folder for those vendors which are not used frequently.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Selectmen and Town Manager
Town of Lancaster, New Hampshire

We have audited the general purpose financial statements of the Town of Lancaster, New Hampshire as of and for the year ended December 31, 1994, and have issued our report thereon dated May 11, 1995.

We conducted our audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Lancaster, New Hampshire for the year ended December 31, 1994, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Lancaster, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions, or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

ACCOUNTING APPLICATIONS

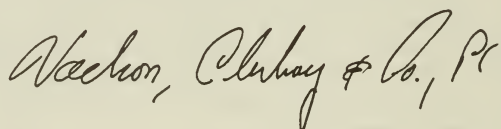

- Budget
- Cash and investments
- Revenues and receivables
- Expenditures for goods and services
and accounts payable
- Payroll and related liabilities
- Debt and debt service expenditures
- Grant and similar programs

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Lancaster, New Hampshire in a separate letter dated May 11, 1995.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

A handwritten signature in cursive script, reading "Jackson, Olney & Co., P.C.", is written in dark ink.

Col. Town Invest Committee, Phillip D. Drapeau	
Col. Town Spending Committee (3)	
Gregg A. Christopher	3 year term
Cindy Spearin	3 year term
Mark J. Vincent	3 year term
Budget Committee, Harrison T. Southworth	2 year term
Budget Committee, (3)	
Aurore M. Hood	3 year term
Dennis Merrow	3 year term
David Stickney	3 year term

Article 2: Amendment to the Lancaster Building Code Ordinance to require a building permit for improvements for buildings located in flood hazard area with a fair market value of \$1,000 or more and greater than \$2,500 for buildings not located in a flood hazard area. The article passed - 504 yes, 225 no.

Article 3: Zoning amendment to amend the Zoning map to include Tax Map R1, Lots 10-N and 5 entirely within the Commercial Industrial Zone. The article passed - 528 yes, 185 no.

Article 4: Zoning amendment to amend each Zoning District's Permitted Use Section by adding the following item; All Uses not listed under this section are not allowed. To also amend each Zoning District's Non-Permitted Uses Section by deleting the sections in their entirety. The article passed - 457 yes, 218 no.

Article 5: To amend Lancaster's Site Plan Review Regulations by deleting section E from, an applicant shall obtain and Section C from, site Plan Review shall not be required for. Also to amend Article IX by adding to Submission Requirements; applicable information, as determined by the Planning Board. The article passed - 448 yes, 206 no.

Article 6: To adopt the provisions of RSA 72:28, V and VI for an optional veterans' tax credit and an expanded qualifying war service for veterans seeking the tax credit. The tax credit would change from \$50 to \$100. The article passed - 422 yes, 334 no.

Article 7: To adopt the provisions of RSA 72:35, IV for an optional tax credit on the taxes due on residential property for a service-connected total disability. The tax credit would change from \$700 to \$1,400. The article passed - 424 yes, 322 no.

Article 8: To authorize the Board of Selectmen to exercise an Option to Purchase a portion of property located on Route 3 - North (Map R1, Lot 10N) and to make Water and Sewer Infrastructure Improvements, install a Water Storage Facility, Develop a Business Park and obtain interim financing. The purchase and improvements are contingent upon and completely funded by receipt of a Federal EDA Grant and will have no effect on the tax rate. The article passed.

Article 9: To accept the conveyance of the Lancaster Elementary School (School Street site including Cantin site) from the White Mountains Regional School District and to authorize the Selectmen to reconvey the property, together with all or a portion of the paved area in front of the school and all necessary easements, rights-of-way, and other appurtenant rights to the State of New Hampshire for the location of the new Coos County Justice Center. In addition, the conveyance may include all or a portion of School Street as well as any relocation thereof, and shall be on such terms and conditions as the Board of Selectmen deem reasonable and prudent. The article passed.

Article 10: To raise and appropriate the sum of \$92,113 to add to the following Capital Reserve Funds:

Highway Dept, Heavy Equip. Fund	\$20,000
Fire Truck Fund	15,000
Ambulance Fund	30,000
Landfill Close-Out	5,000
Town Hall Improvements	5,000
Water Dept. Infrastructure Fund	15,000
Mt. Carberry Escrow	<u>2,113</u>
Total	\$92,113

The article passed.

Article 11: To raise and appropriate the sum of \$7,500 for the position of Town Promoter.

The article was amended by adding the following language: said position to be filled by a Lancaster resident.

The amendment was amended by changing the language to the following: with preference to be given to a Lancaster resident.

The amendment and the article as amended passed.

Article 12: To raise and appropriate the sum of \$2,143,835 which represents the operating budget. Said sum is exclusive of all special articles addressed.

The article was amended by changing the dollar amount to \$2,153,735.

The article was further amended by increasing the dollar amount to \$2,158,040.

The amendment and the article as amended passed.

Article 13: To vote to rescind the authority granted the Board of Selectmen at the March 12, 1991 Annual Meeting authorizing long-term debt for the construction of the Martin Meadow Pond Bridge. The article passed.

Article 14: Other discussion.

Moderator Desjardins declared the meeting adjourned at 9:20 P.M.
